

MOTHER'S DAY IN GOD'S WAY

By Paralee Eadie

God is a God of order, which gives stability to life,
For chaos and confusion bring insecurity and strife.

Every day the sun comes up, at night the moon does glow,
The seasons never ever change, creation has an ordered flow.

Mom's, you have the ability to create order as God does,
But He wants you to remember to enjoy your children because

The trees upon the mountains are not found all in a row,
And God has wildly seeded the meadow flowers that grow.

So be ordered just as God is, but He truly wants you to see
The joy of the unexpected and how to live creatively.

So don't just look at the dust balls and your children's unmade
beds,
The dishes sitting in the sink and the undone chores you dread;

Look at each child God gave you, each made in God's special
way,
Delight in His creativity and wildly enjoy your day!

Psalms 27:3 TLB "Children are a gift from God; they are His reward."
